TRAFFIC LIGHT

TLS1317

Traffic Light- TLS1317

Description

The TUF-FIX TLS1317 Warning Light with Base is a high-visibility, solar-powered traffic safety light designed to improve safety in construction zones, roadworks, parking areas, and other hazardous locations. Built with a durable PP base and high-intensity amber LEDs, it provides reliable warning signals in various outdoor environments.

Features

- Solar-powered for energy-efficient operation
- 4 high-brightness amber LED lights
- Durable PS amber lens for maximum visibility
- Heavy-duty PP base for excellent stability
- Weather-resistant construction for outdoor use
- Maintenance-free operation
- Easy installation and relocation
- Suitable for day and night warning applications

TECHNICAL DATA SHEET

Specification	
Model Number	TLS1317
Type	Solar Warning Light with Base
Brand	TUF-FIX
Power Source	Solar Powered
Light Source	4 LEDs
LED Colour	Amber
Lens Material	PS (Polystyrene) Amber Lens
Base Material	PP (Polypropylene)
Housing Colour	Yellow
Operating Mode	Flashing Warning Light
Weather Resistance	Suitable for Outdoor Use
Installation	Portable Base Mounted

Applications

- Road Construction
- Traffic Diversions
- Maintenance Work
- Highway Safety
- Parking Areas
- Utility Work Zones
- Emergency Hazard Marking
- Industrial Sites

Benefits

- Improves visibility and worksite safety
- No external power supply required
- Long service life with low maintenance
- Lightweight and easy to transport
- Stable base minimizes tipping in outdoor conditions
